Hongkong. December 16th, 1876.

THE newly appointed Professor of Chinese a the University of Oxford delivered his inaugural address in the Sheldonian Theatre. Oxford, on the 27th October. Dr. Legge is acquiring a knowledge of Chinese in Eng. provided for. land. As a literary study he considered it might be as perfectly, if not as realily, at Saigon on the 10th inst. There appears to acquired as Greek or Latin. He frankly admitted that difficulties existed in the way to the elections, of gaining a command of the colleguial out of China, but he maintained than even for this a foundation might be laid which would greatly facilitate future studies and bit of Missionary Society. The Rev. J. C. Edge will value to those preparing to be interpreters. As a matter of fact, there can be no doubt that the characters might be studied by youths in England with as much advantage is expected that the lectures which the reverendas in China, and they could then complete gentleman is about to deliver will bring some. ot er otteries, the scheme would flourish from shares, however, fully meet this difficulty, as they sum beyond merely interest when their shares sintion, and he took him up and Tew-Tow their knowledge on arrival here. It is not likely, however, that the number of students for Amoy, relieves H.M.S. Fly from that port will be large at first. The Chinese and station. She is expected to remain there is not a language that many would study six weeks, and by that time her relief crew will with the mere object of becoming acquainted refitting. with the literature of the country; the majority of those who undertake to master it will do so with the specific object of entering the Theatre this evening. The pieces selected for Civil service wither as interpreters or in other | capacities. It would be advisable-for-themen to acquire the Chinese language, for be a full house. there can be no question that interpreters who had obtained a knowledge of the written characters before leaving home, and were able Colony and in the Treaty Ports. In France and Russia much encouragement las ber

given to the prosecution of Chinese studies. employment in this direction for his energies and talents.

The prognostications of the pessimists with reference to the probable decline of the import of foreign opium into China du not seem duction have made little progress into favour case. The posters were about two and a half the Chinese quarters encourages the idea that This amounts to \$616 per annum, including as we hising the proposed society P. we are to julge from the latest received returns of the consumption of the Indian and complaint of Low Aman, clausman of the Persian drug. From the Customs Returns deceased, and the language is such that the for the third quarter of the present year, it police have arrested him. The printing blocks appears that the total import for all the Treaty stands charged with muliciously publishing a Ports for that period, de lucting Hollow, was certain false, wicked, and scantalous libel of 27,360 piculs compared with 24,340 piculs for this colony. The case will come on to-day at the corresponding quarter of 1875. This shows | the Magistracy at 11 a.m. when Mr. Bharp, an increase of nearly three thousand piculs. of which some two thirds are to be placed to the account of Shanghai. In most of the Northern ports, notably Tientsin, Cheloo, and Hankow, there has been a considerable decline, but there is no doubt that this is Society in Hongkong, to be conducted on similar traceable more to the distress consequent on the deficient crops in certain districts Mr. ALVES proposed and Mr. R. G. ALFORD of Shantung, Chibli, and elsewhere, than seconded that Mr. W. Wilson take the chair. to being superseded by the home-grown drug. If further proof were needed of this presumption, it is adorded in the fact that the import at Newcowang for th July September quarter was 927 piculs against 435 in the same term of 1875. It must be remembered that the poppy has been largely cultivated in Manchuria, and if, but call upon. Mr. Coughtrie to give us some intended. The idea is merely that of a savings outlined which every month go into the Manila therefore, the import of foreign opium has increased there it does not look much like going out of favour. An increase is recorded in all the Southern ports with the exception of Canton, where only 74 piculs were imported ments which seem, in the opinion of those who compared with 255 in the same period of are desirous of promoting the scheme, to favour last year. But this falling off is counterbalanced, and partially accounted for, by the import at the newly-opened port of Hoi. treatise on Associations for Provident Invest. some particulars he has prepared relating to would be lent out in sums not exceeding to the promoters of this treatise on Associations for Provident Invest. how, which took 178 piculs last quarter. It may be interesting to note, in view of a lon the subject. In the first place I would statement made by the Globe some time back; to the effect that efforts were about to be made to greatly extend intervals, safely, and with the prospect of very the cultivation of the poppy in Persia, that that variety of the drug is actually large one compared numerically with those of falling out of favour with the Chinese at the English towns, yet, I think, the class of resipresent time. According to the Customs Returns, the import of Persian opium at all the their salaries out here is equal in extent to that of the system. We propose to have three as to the value of property upon which they at home, but while Hongkong used to be four Treaty Ports for the past quarter only of a much larger community at home, There classes of shares, let class of \$5 per month is may grant a loan, and the borrower may miles long it is now almost reduced to only two and Henry Roberts, an Englishman, both seaamounted to 300 picula against 509 picula last year. The import at the Northern ports during the past quarter was almost mil, the objet supporters of these societies are the and of the four ports where it finds its superior class of artisans; and it is noticeable chief market, Amby, Tamsui, Takao, and fostering of a caveful and provident spirit for their money. There will be no limit to the terry contribution from all the members in Foothow, in only one was there any increase. among their supporters. They have exercised The figures for those ports are as follow :- a powerful influence all over England, and have working of the society depends not upon fixes and other small exactions are rather num-Amoy: third quarter of 1875, 178 piculs: ame quarter 1876, 129 picula. Tumsui: What has elsewhere been the ones might has
